WINDOW CONTROL SYSTEMS

## SLEEKLINE 24 VDC ACTUATORS

### STATE-OF-THE-ART DESIGN... BUILT TO LAST

The contoured aluminum body presents a pleasant profile. Available in single and paired models; adaptable to wood vents.

The zinc plated double link chain has two settings, (factory set to 10" or 14").

Opening: pre-set electronic shut-off Closing: amperometric absorption shut-off

The aluminum body is available in a standard silver finish.

### ELECTRICAL NOTES

Our low-voltage motorized system includes: the actuator, 3-position switch, power supply, and window attachments. It does not include installation, field wiring, switch boxes, electrical conduit or junction boxes necessary to comply with electrical codes.

Actuator Group Controllers and Screen Enclosures are optional.
